About Me

I am a creative Sophomore at CU Boulder obsessed with playing, creating, and making music. I am the second oldest of 7 siblings and grew up in Colorado. I love hiking, art, being outdoors, writing poetry, and playing violin on Pearl Street. I thrive in creative environments and in setting the mood for events. I have been playing the violin for 10 years and also love writings songs using the piano and guitar. I think music is one of the most human things we can do and I will take any opportunity I get to play.

Skills

- Improvisation
- Poetry
- Creativity
- Organization
- Dependabilty
- Being-On Time
- Outgoing

Education

BS Creative Technology and Design

Colorado Boulder

2024-(expected 2028)

As a CTD Major I am learning how to design using softwares like Photoshop, Blender, Solid works, Figma, Illustrator, Sketchup and many more in the years to come. I am also learning how to present myself as an artist and designer. I have a 3.75 GPA and am minoring in music
